The application has been amended as follows: in claim 4, lines 1-2, "the framework of the craft which encloses all the components of the invention, is protected by" has been replaced by --said protection system further includes:-- ; in claim 4 line 3, --said--has been inserted before "molded". These changes were made to properly correlate the language of claim 4 with the last paragraph of claim 1.

Claim 10 has been amended:

Claim 10 (amended). The lighter-than-air craft of claim 1, wherein the molded balloons are permanently inflated and fitted to the exterior of the framework and the cover is also exterior to the molded balloons.

Claim 10 was amended to delete the language that was redundant with claim 1.

Claim 11 (canceled).

Claim 12 (canceled).

Claims 11 and 12 are canceled because they are redundant with the elements of claim 1.

On page 4 after the last line the following paragraph has been added to provide a Brief Description of figure 13:

--Figure 13 shows a frontal view of the craft. --

3. The following is an examiner's statement of reasons for allowance: claim 1 is allowable since none of the prior art makes obvious the lighter-than-air craft that includes the combination of a framework, a cabin, a mini power station, propellants in long tubes, a compressor system, a stabilizer system and a protection system with the molded balloons on the exterior of the framework as set forth in the claim.
